## NANLITE MIXPAD II 27C RGBWW HARD AND SOFT LIGHT LED PANEL

Nanlite MixPad II 27C RGBWW Hard and Soft Light LED Panel. A thin, light-weight 13.7 x 2.2 x 12.7 inch fixture with remarkably bright output relative to its size and the unique ability to switch between a "traditional" multi-LED array, a diffuse SMD LED panel and a tunable RGB array at the push of a button. The MixPad II 27C also features 0 to 100% dimming, an output of 2898 Lux @ 1m 5600K (Hard Light Mode), adjustable color temperature from 2700K-6500K with green to magenta shift (only available in hard light mode), 360 degrees of hue control with 100 levels of color saturation adjustment, an average CRI of 98, and an average TLCI of 95. Powered by either AC power adapter, 2x Sony NP-F style batteries (sold separately), or DC through D-tap cable (sold separately).
